

Research Support Associate
Flow Cytometry Resource Center
The Rockefeller University

We are looking for a highly enthusiastic self-motivated and passionate individual to join the busy team at the Rockefeller University Flow Cytometry Resource Center as a Research Support Associate.

The state-of-the-art Flow Cytometry Resource Center (FCRC, <http://www.rockefeller.edu/fcrc/>), as a Shared Resource Laboratory, serves over 360 investigators from over 70 laboratories of the Rockefeller University (www.rockefeller.edu), a leading biomedical Research Institute located on the Upper East Side of NYC. Current instrumentation includes three BD FACSAriaII cell sorters, one ImageStream-X Imaging Flow Cytometer, one Cytek Aurora spectral analyzer, one BD LSR-Fortessa and two BD LSRIIs, one ThermoFisher Attune NxT, and one BD Accuri C6 with plans for future expansion. For details see <http://www.rockefeller.edu/fcrc/instruments/>.

FCRC staff members provide assistance with experimental and panel design, advice on sample preparation, instrument operation training, troubleshooting, and data analysis consultation, as well as ongoing instrument maintenance.

The Research Support Associate will be responsible for independent operation and scheduled maintenance of BD FACSAriaII Cell Sorters from Becton Dickinson. He/she will also train users to operate Analyzers, evaluate and troubleshoot problems, assist in experimental design/protocol development, data acquisition and analysis/presentation. M.S. or B.S. in biological, medical or physical science. A minimum of one year of relevant flow cytometry experience, either educational or professional, is necessary to apply for this position. Familiarity with cell sorting is highly desirable.

Candidates with advance degrees and years of relevant experience are strongly encouraged to apply.
